### **Poster**

Please don't use violence, occult, religion figure and negative things!

I'm a free Christian (Not belongs to Church or any organization), I wish peaceful world and I'm trying to work on it.

So, things/matters I mentioned are not fits to my musical attitude and this will be cause arranged performance.

(Please show me before you print.)

**Sound Carrier**

Generally, I perform with everybody.

But, I avoid to perform someone who is involved in black magic, aggressive music and human rights discrimination, Also in case I perform with I don't like to have occult, negative words on name of the band.

This is very important matter as I explained at "poster"
